

An Anti-Jewish State Resolution

will be introduced at the International Reform Judaism Convention

As Stated in the Resolution:

*“... to reduce the gaps between Jewish and Arab citizens of Israel in **government employment...**”*

Israeli-Arab Knesset Member Ahmad Tibi - August 4, 2009. :

“The land must be clean of settlers [Jews] because the settlements [towns] are a cancerous growth on the body of the Palestinians...Get out of the Palestinian lands [Israel], get out of our souls!”

Ahmed Tibi, an Israeli Arab politician, reaction during a radio interview -

“Whoever sells his house to Jews, has sold his soul to Satan and has done a despicable act.”

**The JDL urges delegates to
OPPOSE THE RESOLUTION
that is harmful to the interest of the
Jewish State of Israel.**

Say “NO” to a “Bi-National State”...Say “YES” to a “JEWISH State”

Our goal is not to divide Jews but to speak with delegates and give them information exposing this harmful Resolution.
